

May 26, 2006

Dear Major Group,

We wish to thank you for your thoughtful housewarming gift which arrived yesterday afternoon. I had ordered the dragonfly lights which Greg liked, the fiddle fern sources which I liked, and the copper bird bath which we both liked.

Also, we were delighted that three of you were able to attend our little appreciation cocktail party. We are very grateful for all that your office did to assist us in surviving successfully a most traumatic experience, and your gifts will be a continual reminder of your efforts in our behalf.

Sincerely yours  
Greg Brown &  
Grant Marlow
